Contribution towards Project

As a developer and project lead of the development team for XYZ Medical Company, I contributed towards the completion of second sprint.

Goals of second sprint :

- Gather feedback on the first sprint from the client.
- Document the new requirements after the feedback.
- Create remaining mock-ups and prototypes.

My role in this sprint :

1. To assign roles to the team members, start the sprint and track progress of every task.
2. Handle all the meetings of this sprint.
3. Create prototypes for all the pages.
